## ABOUT US

# GROUP STRUCTURE

Saku Metall Uksetehas was established in 1991 and 100% Estonian owned. We design, develop and manufacture a variety of steel doors, walls and facades.

Saku Metall Allhanke Tehas specializes in manufacturing sheet metal products and provides subcontracting service to industry leaders.

Both companies are part of Saku Metall Group but operate separately.

SPECIAL SOLUTIONS

## PRODUCTS

# SOLID STEEL DOORS

### Fire-resistance

EI30, EI60 and EI120 fire resistance classes. The highest class stops the spreading of fire and isolates the heat from the fire up to 120 minutes.

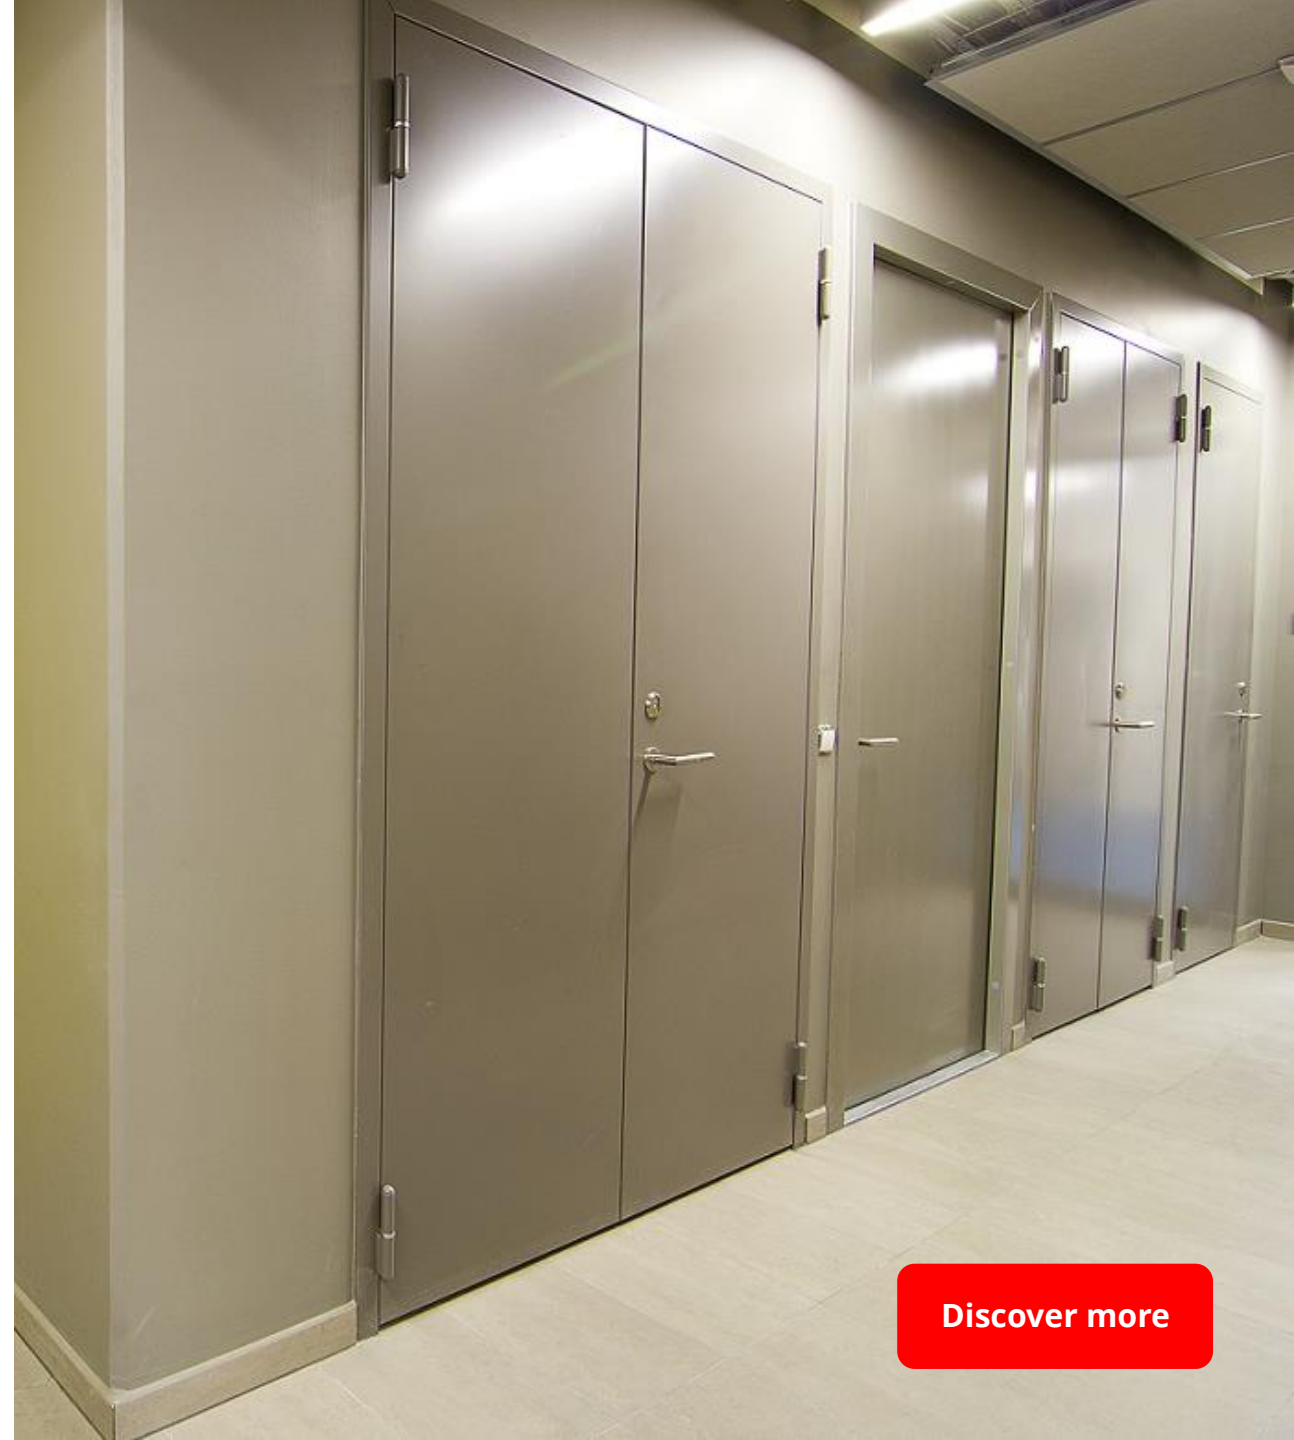

### Security

Our security doors conform with RC4 security class.

### Sound insulation

The solid steel door range offers noise reduction up to 45 dB. In other words, this means that loud noises is barely audible.
